# LEARN ENGLISH ONLINE (LEO)- BASIC PROGRAM

## ABOUT LEO BASIC

Leo Basic Program is a self – paced, user friendly English learning program portal. It is a practical and a basic course for beginners and aspirants who want to strengthen English language. It caters to a range of audience including entrants to IELTS / PTE and TOEFL-iBT students; homemakers who wish to begin learning or improve their English language abilities; job seekers who need English language abilities to further their career opportunities as well as school students from English mediums and vernacular medium schools who need a supplementary out of the textbook, practical, skill oriented course to improve their overall English language skills.

## LEARNING AREAS

The Leo Basic Program mainly focuses on honing the receptive language skills of **Reading and Listening** and covers the following aspects of learning English.

## GRAMMAR

In the **Grammar section**, topics have been divided for each section

- **Beginners- 20 topics**
- **Intermediate- 31 topics**
- **Advanced- 38 topics**

## VOCABULARY

There are self-explanatory videos in the **Vocabulary Section** and the students can watch the videos and understand word- meanings and usage. The student has an access to **234** vocabulary videos each containing a single word and its meaning and usage. There are **78 videos for each section**.

## FUNCTIONAL ENGLISH

**Functional English** section aims to help the student comprehend and understand simple English content for daily use. It consists of two types of materials - a collection of videos and reading and listening passages.

There are more than **400 self-instructional videos** which begin with a set of **13 videos** for beginners who wish to learn the **English Alphabet**. The large video library also has videos for learning to construct grammatical correct sentences as well as learning to talk in simple sentences about day to day topics such as sports, vacations, hobbies etc. **A few videos on Personality Development and interview skills have also been included in this comprehensive video library.**

The Reading and Listening exercises under the Functional English section have different types of question style for each level. The student attempts these exercises at each level and learns at his /her own pace and quickly moves to the next level after giving a test at the end of each level.

**The LEO basic program is thus an easy, user friendly and comprehensive online English learning program targeted for a wide audience of students who wish to brush up their fundamentals and learn English at their own pace and their own level.**
